Agreement Concerning the Implementation of the

North American Waterfowl Management Plan and the

North American Bird Conservation Initiative Through the

Eastern Habitat Joint Venture

The Eastern Habitat Joint Venture (EHJV) was formalized in 1989 with the signing of an EHJV Agreement to coordinate the delivery of projects and programs that would meet the objectives of the North American Waterfowl Management Plan (NAWMP) in the provinces of Ontario, Québec, New Brunswick, Nova Scotia, Prince Edward Island, and Newfoundland and Labrador. An Implementation Agreement signed in 1989 established the working arrangements for the signatories. The delivery of conservation programs has been achieved primarily through partner-driven funding proposals and through U.S. Fish and Wildlife Service grants under the *North American Wetlands Conservation Act* (NAWCA). In the late 1990s, planning for other bird conservation initiatives (shorebirds, waterbirds and landbirds) was initiated on a continental scale under the auspices of the North American Bird Conservation Initiative (NABCI), with the approach of utilizing existing Joint Ventures as coordination, planning and implementation vehicles. The EHJV has expanded to incorporate these processes and will continue to use its synergy to coordinate programs that meet various bird and bird habitat conservation objectives. This Agreement serves to reappoint and to pursue the involvement of the signatories in implementing the EHJV.

This Agreement made this 3 day of June , 2021

7. INDEPENDENT PROJECTS

Notwithstanding this Agreement, it is understood and agreed by the Parties that any project or program undertaken by any Party independently and separate from the EHJV and from EHJV's generated funding shall not be subject to this Agreement and shall not be considered an EHJV or NAWMP project or program.

PART A: Project or Program Proposals under the NAWCA

1. <u>Procedure for recommendation of project or program proposals under the EHJV and the North American Wetlands Conservation Act</u>

a) The Board will ensure that the six (6) Provincial Steering Committees are aware of the following responsibilities:

Each Provincial Steering Committee will:

- review the project or program proposal submitted by a project or program proponent;
- ii) recommend the project or program proposal on behalf of the Province, if appropriate; and
- iii) refer the project or program proposal to the Board for review.

- c) Subsequently, the Board will submit the recommended project or program proposal to the NAWCC (Canada) for its recommendation before submitting it to the United States.

2. Criteria for project or program proposals under the EHJV and the NAWCA

In order to be considered by a Provincial Steering Committee and the Board, a project or program proposal shall:

- by direct reference to the most recent NAWMP and EHJV Implementation Plan, and any other applicable EHJV planning documents, demonstrate that the project or program involves the protection and conservation of waterfowl and wetlands or other bird habitat and would contribute in an efficient manner to attainment of waterfowl, wetlands and other bird habitat and population goals;
- b) contain a description of intended work and expected benefits to waterfowl, other birds, bird habitats and the environment;
- c) outline evaluation procedures necessary to measure effectiveness of intended work;
- d) include all estimated costs;
- e) identify all participants and their respective contributions to the project or program;

- f) identify the full geographic area over which expenditures would be made; and
- g) clearly identify the project's or program's outcomes in relation to EHJV habitat objectives and overall progress toward those objectives.

3. Funding

The funding of recommended EHJV projects or programs by Canadian public and private funding sources will be facilitated by one or more Parties serving as Grantee(s) as described in point 4 below.

4. Terms of reference for the Grantee

- A Grantee facilitates funding arrangements between project or program proponents in Canada by:
 - i) entering into agreements with entities interested in contributing funds for the implementation of the EHJV; such agreements should define any constraints imposed by the contributing entity for the release of funds;
 - ii) providing short term financial management of funds from contributing entities;
 - iii) providing financial accountability for those funds entrusted to it by contributing entities: and
 - iv) entering into funding arrangements for the implementation of EHJV projects or programs.
- b) The Grantee will not impose constraints on the disbursement of funds beyond those applied by the contributing entity or contained in the project or program proposal recommended by the Board.

5. Procedure for release of funds by the Grantee

The procedure for the release of funds by the Grantee will be as follows:

- The project or program proposal is recommended by the Provincial Steering Committee and submitted to the Board for recommendation:
- b) When the Board has ascertained that the project or program is in accord with regional priorities and that sufficient funds are available (including American funds) to meet the joint funding request, it endorses the project or program on behalf of the EHJV; and
- c) After drafting a funding agreement and upon execution of the funding agreement by all participants, the Grantee will release funds to the project or program proponent in the manner defined in the funding agreement.

PART B: Project or Program Proposals Not Related to the NAWCA

6. <u>Procedure for endorsement of EHJV project or program proposals (not related to the NAWCA)</u>

- a) A project or program proposed by one of the Parties or by a Provincial Steering Committee will be submitted to the EHJV Board for review and endorsement.
- b) When the EHJV Board has ascertained that the project or program proposal is in accord with its priorities and that sufficient funds are available to meet the funding request, the Board will endorse the project or program proposal.
